"Serving the World"

# Over 740,000 Wheelchairs Delivered...

The Wheelchair Foundation delivers life changing wheelchairs worldwide that allow children to go to school, adults to go to work to provide for their families, and the elderly to get out of bed and attend worship services, family activities, or just go outside to sit in the sun.

For each \$150 tax deductible donation, you will receive a beautiful presentation folder that includes the photo of a wheelchair recipient and a certificate of thanks. The certificate can be personalized as a gift in honor or in memory of a special person in your life.
